

VACANCY

ONE (1) PERMANENT FULL TIME MANAGER PATIENT FLOW/TRANSITIONS NBRHC – NORTH BAY

Reporting to the Director of Medicine and joining a dynamic, progressive Clinical team, you will apply your proven interpersonal and leadership skills in program visioning, planning, resource allocation, service excellence, research and quality improvement. In addition, the Manager will promote patient-focused, interdisciplinary, interagency relationships, both within the Hospital the community and district.

The Manager Patient Flow/Transitions will lead the delivery of patient progressions to the most appropriate place of care within and outside of the Hospital. The successful candidate will possess a relevant clinical degree at the Masters Level combined with proven interpersonal and dynamic leadership skills acquired through 5 years of recent management or advanced practice experience. The successful candidate must support and contribute to a culture of safety and prevention of adverse health events and promotion of quality in this organization. The successful candidate must have excellent problem-solving, decision making, negotiating, conflict resolution and team building skills. In addition, experience with change management and innovation is required.

Bilingualism (English/French) is an asset.

**Criminal Reference Check including the Vulnerable Sector Check:
recent within three (3) months is a requirement**
